A Gross Piece of Carelessness.

By a piece of gross carelessness Wednesday morning a freight car, caboose and engine were pretty badly smashed up, at this place, and the main line blocked for over twenty-four hours. The particulars are as follows: About six o'clock Bob Whalen's freight train pulled in from the east and side-tracked for freight engine No. 26, but failed to pull in far enough to clear the main track. For some unknown reason Frank Costen, who was pulling No. 26, failed to slow up and ran his engine into the rear end of Whalen's train, smashing a box car loaded with lumber and badly demolishing the caboose. Engine 26 was also badly wrecked and it required about twenty-four hours to clear up the wreck. Nobody was injured, but Bob Whalen hasn't stopped "roaring" yet about the loss of his pet caboose, which was one of the best fitted up institutions of the kind on the road.

A Good Man Gone.

DIED—At White Hills March 13th, of arsenic poisoning, Dan'l Steel, a native of Nova Scotia, aged 48 years.

Deceased was a hard working miner, well and favorably known throughout this portion of Arizona as an honest upright citizen. He has been engaged for the past six months in working in the Company's mines and was considered one of the best men on the force.

Last Saturday evening he was taken sick upon returning from a hard day's work and notwithstanding the diligent care and watchfulness of two capable nurses, after much suffering he passed away. The attending physician held a post mortem examination and found the lungs impregnated with arsenic dust, no doubt, to inhaling the air in the shaft where he had been employed. His funeral was attended by nearly the entire population of White Hills, John Hughes reading the burial service and performing the last sad rites which the living can perform for the dead.

Mr. Steel belonged to the I. O. G. T. lodge at this place and his death has been the first break in the circle since the organization of the Kingman lodge. His death will be keenly felt by the many who knew him as a kindly, honest, upright man, true to his word and an ardent lover of the right. Peace rest his soul.

GADDIS & COMPANY.

TO THE PUBLIC:—

We beg to call your attention to the fact that we are now located in our new quarters with a new and complete line of general merchandise, which we offer at prices heretofore unknown in Mohave county.

Like magic, we pass from the "49" like prices which prevailed but a few days ago, to a fair and legitimate "live and let live" basis; having made astonishing cuts in price on all commodities known to the trade here.

We are proud to have the honor of breaking the ice and opening the first cash store in Northern Arizona.

We believe you will agree with us that such has been a long felt need in this community—that its influence will brighten the skies and cause the sun to shine more softly upon the heads of toiling man, shedding gentle rays of light along our pathways; that the babe, while sleeping under the care and ever watchings of a patient mother, kissed through the lattice work by such genial sun, will smile with hope of having, at least, some showing in the future.

We beg, in borrowed verse, to state, that we, too, are here to stay, and while we have not many years of experience to boast of, yet we guarantee to you a pleasing reduction in prices and a new and clean cut stock to select from.

We figure on a certain per cent, so as the market fluctuates prices will slightly change, but believe us, we are going to stay firmly by the bed rock else we might be swept away by some midnight tide. We are leading and we propose to continue to lead. Give us a call and we will treat you well. Yours truly,

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O.
